

IN THE MICHIGAN COURT OF APPEALS

ORDER

Re: **Anthony Wilson v Sears Holding Company**
Docket No. **283153**
L.C. No. **07-087385-CZ**

Christopher M. Murray, Chief Judge Pro Tem, acting under MCR 7.201(B)(3) and 7.216(A)(10), orders:

The motion to waive fees is DENIED because this Court has the inherent authority to deny a motion to waive fees to curb serious abuses by persons who file motions to waive fees. See *In Re McDonald*, 480 US 180; 103 L Ed 2nd 158; 109 S CT 993 (1989). Appellant has filed sixteen cases in this Court over the last year. Three claims of appeal were dismissed for lack of jurisdiction. Two complaints for superintending control were dismissed because they were used as a substitute for an appeal. Four applications for leave to appeal were dismissed for a filing defect. Appellant, who is an attorney in good standing in Texas, is more than capable of following the jurisdictional and procedural rules of this Court. This Court has warned appellant three times about the possibility that the motion to waive fees will be denied in future cases. See docket numbers 278377, 278378, and 281220.

The claim of appeal is DISMISSED for failure to pursue the case in conformity with the rules. MCR 7.201(B)(3) and 7.216(A)(10). The Clerk of this Court provided notice regarding the nature of the defects in this filing, and the defects not corrected in a timely manner.
